SKM Allocation Summary

Token Distribution Plan

PUBLIC CONTRIBUTION

26% of SKM created during the Contribution period will be allocated to the contributors who send ETH to the designated address. Any unallocated part will be reallocated to the foundation. The tokens for early Public Contribution will be distributed in 3 parts (1/3 for early contributors. The rest will be distributed evenly for two months).

COMMUNITY BUILDING & MARKETING

15% of SKM tokens will be allocated to the Community Building and Marketing purpose, including key cooperative institutions, marketing and other community contributors.

ADVISORS

10% of SKM tokens will be allocated to advisors, key influencers, and other community contributors. The lock up period is about 3-month to 6-month.

EARLY STAGE CONTRIBUTORS

20% of SKM created during the Contribution Period will be allocated to the early stage contributors. Any unallocated part will be reallocated to the foundation. The tokens will be distributed in 3 parts (1/3 for early contributors. The rest will be distributed over two months).

FOUNDATION

29% of SKM created during the Contribution Period will be allocated to a foundation for the purposes of ongoing management, talent acquisition, community contributions, development and stewardship of the SKM Network. The lock up period is 6-month and the vesting period is another 10 months (vesting 10%/month).
